### context clues

Reading

The following stories have make-believe words. Use the clues in the sentence to figure out the meaning of the make-believe word.

Last summer I went to the beach with my grandma. She loves to look for snarples hidden in the sand. Her favorite kind of snarples are the ones that have no broken pieces. The coolest snarples I found still had a small crab living inside. I left that snarple on the beach instead of putting it in my collection.

It was the hottest day of the summer so Lucy and Susie decided to sell some refreshing blarling on the street outside their house. Susie picked fresh fruit from a tree in her yard and Lucy was in charge of getting ice from her house. The blarling was a little sour, so they had to add some sugar.

"Don't forget to put some clinket on before you go outside" said Claudio's mother. Claudio did not like to wear clinket because the lotion sometimes gets in his eyes and stings. But, clinket is important so that you do not get a sunburn so he rubs it all over his skin. Claudio had a painful sunburn last summer so now he has learned his lesson and wears clinket whenever he is playing in the sun.
